

# Nova Foma

Encapsulated NMN + Exosome Topical Serum

## Indications for Use (Topical Serum Protocol)

**For EXTERNAL cosmetic use.** Enhances visible skin rejuvenation, hydration, elasticity, and overall radiance. Suitable for dull, aging, or sensitive skin types.

## Application Frequency

**Initial phase:** Apply once or twice daily for 4 weeks.

**Maintenance:** Once daily or as recommended by your skincare professional.

## Storage

- Store in a cool, dry place, away from direct sunlight.
- Do not refrigerate after opening.
- Once opened, use within the recommended period stated on packaging.

## Mixing Instructions (If in dual-vial format)

*Product comes in two parts (active powder + activating solution):*

1. Open the Activating Solution vial.
2. Add it to the Encapsulated NMN powder vial.
3. Close and shake gently for about 20 seconds until fully dissolved.
4. Apply immediately after mixing. Do not store mixed solution.

## How to Use

1. **Cleanse** the face thoroughly and pat dry.
2. Apply a few drops (or 1–2 pumps) of NOVA FOMA serum to fingertips.
3. **Gently spread** the serum over the face and neck.
4. Massage lightly in **upward, circular motions** until fully absorbed.
5. Follow with **moisturizer or sunscreen** as needed.

*Tip: Use on slightly damp skin for improved absorption.*

## Optional Use with Devices

*Can be used to enhance effects when combined with:*

- Plasma rollers
- Facial massage tools
- LED therapy masks
- Mild dermal stimulation devices (non-invasive)

## Precautions

- For **EXTERNAL USE ONLY**.
- Avoid contact with eyes and mucous membranes.
- Discontinue use if irritation occurs and consult a skincare specialist.
- Keep out of reach of children.

## Visible Benefits

- Revitalized, radiant skin tone
- Smoother, firmer skin texture
- Reduced appearance of fine lines
- Hydrated and soothed complexion
